

MAINLAND CHINA PROPERTY SALES AND DEVELOPMENT

Leveraging prime locations, excellent transport links, and luxurious living, Hang Lung Residences offers an unrivaled urban living experience. Our luxury serviced residences epitomize our appetite for excellence – the hallmark of all Hang Lung developments.

Market Landscape

Overall, residential sales in the Mainland have remained sluggish. While the release of pandemic restrictions has improved consumer sentiment in China, prospective buyers remain prudent, taking a wait-and-see approach while the property market grapples with restoring confidence.

The government's range of policies to stabilize the residential market signals its commitment to the sector's recovery. On average, residential prices in upcoming and established tier-one cities have remained relatively stable, while properties in mixed-use developments downtown are underpinned by substantial intrinsic appeal.

Business Overview

Hang Lung Residences are currently under development in Wuhan, Wuxi and Kunming. Set to enhance our existing commercial complexes in these areas, the premium serviced residences will offer new premium units with world-class amenities for discerning buyers.

Drawing on our extensive experience as a leading commercial property developer renowned for enriching urban environments with world-class developments, Hang Lung Residences leads our vision for sustainable growth. Reinvigorating the real estate market with fully integrated new lifestyle experiences, the serviced residences attest to our commitment to laying the foundations for investment properties that maximize shareholder value.

HONG KONG PROPERTY SALES AND DEVELOPMENT

Innovative sales strategies with customized payment plans will revitalize our sales and marketing efforts in a challenging market for 23-39 Blue Pool Road and The Aperture in 2024.

Market Landscape

Hong Kong re-opened its borders in the first quarter of 2023. While the influx of foreign visitors and aggressive developer pricing briefly stimulated overall transaction volume, the city's property market remained weighed on by high interest rates and an abundant supply of private residential flats. Expected reductions in stamp duties will undoubtedly rejuvenate the market and support prospective property buyers in 2024.

Business Overview

Comprising 23-39 Blue Pool Road (close to Jardine's Lookout), The Aperture, the upscale residential development in Kowloon East, and the upcoming Shouson Hill Road project in the Southern District of Hong Kong Island, our developments combine prime locations, modern architectural design, and comprehensive amenities to exemplify urban living.

2 new French-style mansions were launched at 23-39 Blue Pool Road. New sales strategies and payment plans deployed in 2023 will continue leading efforts to respond to the market and downward pressure on property prices. Sold units of The Aperture are due for handover in 2024. A new round of sales and marketing efforts will resume when construction finishes. Pending final approval, we are scheduled to break ground on the new Shouson Hill Road redevelopment in 2024.
