閃耀無盡魅力 引領奢華時尚

Pioneer of Luxury Retailing Shows Enduring Allure

上海恒隆廣場是恒隆在內地第一座高端購物商場，亦是上海高端時尚地標。上海恒隆廣場的早期成功經驗奠定了恒隆在其他內地城市打造以高端為定位的商場，助公司充分把握內地奢侈品消費增長所帶來的機遇。

Our first-ever luxury mall in mainland China, Plaza 66 in Shanghai, has established itself as an iconic landmark at the pinnacle of Shanghai's luxury fashion scene. Its early success helped pave the way for Hang Lung's expansion of our Mainland portfolio of luxury-focused malls, and for the Company to capture a share of growth in spending on luxury goods across the country.

Home to Luxury

作為全球奢侈品牌的集中地，上海恒隆廣場一直以「Home to Luxury」為定位，由2001年開業至今，一直致力引領高端時尚生活，為顧客提供專屬體驗。商場雲集了全球100多家知名奢華時尚品牌及餐飲食肆，租戶包括路易威登（Louis Vuitton）、愛馬仕（Hermès）、香奈兒（Chanel）、迪奧（Dior）、卡地亞（Cartier）等，而兩座甲級辦公樓坐落於黃金地段，吸引了各行各業知名跨國公司及本地領先企業進駐。

As a hub for top-end global brands and with a premier mall positioned to be the "Home to Luxury", Plaza 66 has made a commitment to inspiring fashionable lifestyles and providing customers with exclusive experiences, ever since it opened in 2001. Featuring over 100 world-renowned luxury fashion labels and dining outlets, Plaza 66 is home to prestigious tenants including Louis Vuitton, Hermès, Chanel, Dior, Cartier, and more. Benefitting from their prime location, the development's two Grade-A office towers have attracted prominent multinational and leading domestic corporations from a range of industries.

於2017年，上海恒隆廣場完成了斥資港幣7億元的資產優化計劃，為顧客締造更優質的購物環境和更多元化的購物體驗。此外，秉承「以客為尊」的理念，上海恒隆廣場是公司旗下首個項目推出全國性會員計劃「恒隆會」，為會員提供一對一專業服務，會員更可享受專屬會員空間 The Lounge。縱然面對眾多後起之秀，上海恒隆廣場仍然憑其獨有優勢，成為租戶及客戶的必然之選。

In 2017, Plaza 66 completed an Asset Enhancement Initiative (AEI) with an investment of HK\$700 million, to bring customers a more diverse offering in a highly refined shopping environment. Adhering to Hang Lung's philosophy of customer-centricity, Plaza 66 was also the first of our projects to launch HOUSE 66, our nationwide customer relationship management (CRM) program, which provides members with professional and personalized services. Members also enjoy exclusive access to The Lounge, a premium venue designed specifically for their comfort. Despite challenges from ambitious new competitors, Plaza 66 has maintained its unique advantages and remains the first choice for tenants and customers alike.

To mark the 20th anniversary of Plaza 66, the mall celebrated this milestone with a line-up of events that incorporated gastronomic, art and fashion elements. In partnership with *Tatler* magazine, the mall hosted a gourmet extravaganza called Off Menu Shanghai, in which Michelin-starred restaurants, dining establishments recognized by the Black Pearl Restaurant Guide, and world-leading chefs and mixologists came together to serve up some of the finest flavors in the world. Meanwhile, the mall created a Bamboo Forest in the garden, creating a green natural area that integrates food with the environment. During the celebrations, customers were also invited to explore the idea of sustainability at a number of art exhibitions held in collaboration with contemporary artists, and were treated to a range of exclusive offers from internationally acclaimed brands.

我在恒隆經歷了人生中的最好時間。我們那個年代的人，文化水平沒有那麼高。不過漸漸地從領導身上學到很多文化和道理、為人處事上的學問。做人要知道感恩，之後只要恒隆需要我，能做會盡力做。

Hang Lung is where I spent some of the best years of my life. People from my generation have less education, but the management taught me many valuable life lessons about the best way to conduct myself. 我習慣了這裡，喜歡和這裡的員工打交道，來購物的原因不僅是為了品牌，更在於商場附加的東西，如停車場和服務，相信其他會員和我是一樣的。

I've grown attached to this place and have good connections with the staff. I enjoy shopping here not just for the brands, but also for the additional perks that come along with the mall, such as the car park and high-quality services. I believe other members feel the same way too.

上海恒隆廣場是我見過所有商場中最與眾不同的，因為『恒隆會』將我們聯繫在一起，大家消費著重的，其實已經不在於商品，而是在於購物體驗上。恒隆給人帶來一種可以讓人發自內心的開心。

Plaza 66 is unlike any mall I've ever seen. With HOUSE 66 bringing everyone together, it's no longer about the product that we buy, but the shopping experience that comes with it. Hang Lung gives people a true sense of happiness from within.

恒隆一直透過「管理培訓生計劃」培育優秀的大學畢業生成為獨當一面人才，以回饋社會及配合公司的長遠發展需求。今年，計劃收到近4,500份來自香港、內地和海外的申請，較去年增兩成。而當中11位表現優異的大學畢業生，在嚴謹的評選過程中脫穎而出，成為2021年度的管理培訓生。

Hang Lung has been striving to nurture outstanding university graduates to become assets to society and the long-term development of the Company through the Management Trainee Program. This year, the program received nearly 4,500 applications from Hong Kong, overseas and the Mainland, an increase of 20% over last year. After a stringent selection process, 11 candidates joined Hang Lung as Management Trainees 2021 (MTs).

公司分別在香港和上海安排了一系列的活動，讓新一屆的管理培訓生深入集團的企業文化、核心業務及各部門的運作。與管理層見面和交流時，行政總裁及副董事長跟他們分享公司的願景、使命和核心價值，集團對他們的期望，並給予他們鼓勵。他們會於不同部門展開為期18個月的在職培訓，加深對不同業務的了解。

The Company arranged a series of activities for the MTs in both Hong Kong and Shanghai to learn about Group's corporate culture, core business, and the operations of different departments. Our CEO and Vice Chair shared with the MTs their views on the Company's vision, mission and values as well as their expectations on the MTs, and words of encouragement. The MTs will undertake 18 months of on-the-job training in different departments to gain a deeper understanding of our different businesses.

此外，公司對恒隆「管理培訓生計劃」亦投放多角度資源，除了職務輪換外，還包括管理層指導計劃、課堂培訓及參與籌辦集團活動等。管理層會定期與管理培訓生進行一對一的會談，讓培訓生除了在日常工作上得到上司指導以外，更有一個平台與管理層有深入的分享及交流，為他們的長遠職業及個人發展上提供寶貴意見。人力資源部亦為培訓生安排一系列的培訓，讓他們於計劃內不同的發展階段，得到相應的工作知識及技巧，裝備自己。而培訓生在參與籌辦不同的集團活動時，將可以應用項目管理技巧，並對集團有更全面的認識及接觸日常工作以外的夥伴。

In addition to job rotation, the Company invests different kind of resources for the Management Trainee Program, including mentorship scheme and training courses, and getting MT involved in corporate projects. MTs will have regular one-to-one meetings with their mentor. This serves a platform for mentor and mentee to develop a strong relationship that can inspire the MTs and lead to long-term personal development. Our Human Resources Department arranges training classes at different stages of the program for trainee to equip themselves with a range of skills. Trainees will also be involved in organizing various corporate projects, giving them an opportunity to develop their project-management skills, become more familiar with the Company, and get to know colleagues from different departments beyond those they would meet during their day-to-day work.

綠色思維 綠色建設

Think Green, Build Green

恒隆在可持續發展方面所作出的不懈努力廣受認可。截至2020年底，我們旗下的商用物業有71%的總建築樓面面積在設計施工或運營層面獲得國際認可的綠色建築認證。在去年云云認可中，以杭州恒隆廣場的兩座辦公樓獲得「能源及環境設計先鋒獎（LEED）— 核心及外殼組別」鉑金獎預認證的成績最為卓著，這亦是恒隆首個項目追求高級別的能源及環境設計先鋒獎綠色建築認證。

Hang Lung's continual efforts to foster sustainable development have been widely recognized. By the end of 2020, 71% of the total construction floor area of our commercial properties had attained internationally recognized green building certifications at either the design and construction level or the operation level. One of our most notable achievements last year was that two office towers at Westlake 66 in Hangzhou secured the Leadership in Energy and Environmental Design (LEED) for Core and Shell Development – Platinum Level pre-certification, making this our first project to formally commit to pursuing LEED's highest-level green building certification.

杭州恒隆廣場的主要可持續發展元素

以杭州市的西湖文化景觀為設計靈感，杭州恒隆廣場將秀麗的杭州風景與人文歷史相互結合。購物商場的頂部設有空中花園，這個市內獨一無二的公共綠化空間與周邊的城市脈絡相連，把大自然與城市融合。

杭州恒隆廣場亦融入多個可持續性元素以減少對環境的影響，包括採用高效製冷機組、設有雨水收集系統作灌溉用途，可潛在減少90%的灌溉用水量、採用地熱能以提高能源效率並減少溫室氣體排放，並配合豐富園林綠化和水景以營造健康和可持續的環境。

紓緩建築工程對環境構成的影響

杭州恒隆廣場與當地政府及主要承包商合力實行多項措施，以盡量減少施工期間對環境的影響。當中以運用創新的「水沖法」的成效最為顯著。透過貫通當地現有的基建，此方法讓施工團隊可避免使用一般泥頭車運送泥土，而是以喉管運送開挖的泥土到工地外的碼頭傾倒，從而降低噪音和塵土污染，減少柴油消耗，並紓緩附近交通擠塞。

Key Sustainability Features at Westlake 66, Hangzhou

Inspired by the magnificent natural scenery of Hangzhou's West Lake, the design of Westlake 66 integrates the scenic landscape with the city's historical legacy. There will be a rooftop garden at the shopping mall, where this unique green space will connect with the urban elements nearby, integrating nature with the city's metropolitan ambiance.

Westlake 66 has incorporated a host of sustainability features to reduce its environmental impact. These include high-efficiency chillers, the use of a rainwater collection system for irrigation which will potentially reduce water consumption for irrigation by 90%, adoption of a ground energy system to improve energy efficiency and reduce greenhouse gas emissions, and rich soft landscape and waterscape to create a healthy and sustainable environment.

Minimizing Environmental Impact of Construction

Various initiatives were taken in collaboration with local authorities and our main contractors to minimize the environmental impact of construction of Westlake 66. The most prominent one was the application of the innovative "water-jet method" to transport excavation soil to an offsite dumping pier via pipelines that run through existing local infrastructure, eliminating the need to transport excavation soil using conventional dump trucks, which helped minimize noise and dust pollution, reduced diesel consumption, and alleviated traffic congestion nearby.

豐盛難忘之旅 — 前執行董事陳家岳

A Rewarding Journey – Retiring Executive Director Norman Chan

為恒隆服務八年的執行董事陳家岳先生剛於今年6月榮休。在任期間，他帶領香港和內地多個重大項目的發展，貢獻良多，當中包括六個商業地產項目、六項優化工程、四個酒店項目，提供合共2,000多個內地住宅及寓所單位。他亦在多方面為公司開創先河，包括把租務融入建築設計及引入員工多元化等。以下為編輯部與陳家岳進行專訪的重點訪談內容。

Hang Lung Executive Director, Mr. Norman Chan, retired from the Company in June after eight years of service. He has directed multiple major projects in Hong Kong and the Mainland, including six commercial real estate projects, six major renovation projects, four hotel development projects, and has led development of more than 2,000 Mainland residential units. Norman has been a pioneer within Hang Lung on a range of issues, from employee diversity to the integration of leasing and architectural design. Ahead are some of the highlights from our recent interview with Norman.

連：《連繫恒隆》

陳：陳家岳

C: Connections

N: Norman

連：您是怎樣與恒隆結緣？

陳：在2010年，時任行政總裁陳南祿先生（Philip）首次邀請我加盟，惟我當時因正在上海處理一個大項目而婉拒了。期間我一直密切留意恒隆以及位處我負責項目斜對面的上海恒隆廣場的發展。在2013年，我再次被Philip邀請加盟，我認為當時是一個合適時機便應允了。我亦感謝董事長陳啟宗先生（Ronnie）贊同我的加盟。

C: How did you come to be working at Hang Lung?

N: It's interesting, but I actually turned down the first chance I had to work for Hang Lung. It was 2010 and then CEO Mr. Philip Chen invited me to join, but I wanted to stick with a major project I was working on in Shanghai. I watched the Company's progress closely, though, and saw the Plaza 66 project develop as it was right across from my project, and when Philip approached me again, in 2013, I felt it was the right time. I'm grateful to him and to our Chair, Mr. Ronnie C. Chan, for the opportunity.

連：您會用什麼詞語去形容您在恒隆八年的旅程？

陳：我會用「Rewarding」來形容。我從董事長、董事會成員和所有同事身上學習待人處事，而恒隆是一家非常開明的公司，讓我可運用零售和辦公樓租務的知識和技巧並把它融入於建築設計中，從顧客的角度優化整個項目，體現「以客為尊」的理念。另外就是可持續社區投資方面，穿上「恒隆一心義工隊」的隊服，帶領小朋友到郊外踩單車或者參加建築導覽團，以至趣味數學活動等，都是我十分享受的事。

C: Which word best describes your time here?

N: "Rewarding". I've learned from all the people I've worked with including the Chair and board members, and am thankful that Hang Lung truly embraces openness and sees every aspect of a project from a customer-centric perspective. I was empowered to integrate leasing into architectural design. I've also really enjoyed being part of the "Hang Lung As One Volunteer Team", cycling in the countryside with children, participating in architectural tours, and doing fun math activities.

連：您認為您在恒隆最大的成就是在哪些方面呢？

陳：我看到團隊多元的價值，於是大膽開創先河，聘用不同國籍、背景和文化的外國人，深信為公司帶來了一番新景象。另外，我在總部設立中央團隊管理各香港和內地項目的租務、市場推廣和綜合服務的事務。這樣既可顧及本地文化，也可確保我們在不同城市的項目均可表達一致的恒隆品牌價值及體驗，有助增強我們對奢侈品牌的吸引力。

行政總裁盧韋柏先生上任後，我和幾位高級管理層多次到訪歐洲與不同品牌建立關係，並深化了上海恒隆廣場「Home to Luxury」的定位，亦成功地把上海港匯恒隆廣場由以生活時尚為主的商場變成雲集奢侈品牌的地區購物中心，此兩項目的成功令我們把這個概念複製至其他內地項目。

C: What have been your greatest achievements at Hang Lung?

N: I realized early on the value of building diverse teams and took what was a bold step at the time to hire people not just from different nationalities and backgrounds but also different cultures. I'm a strong believer in diversity giving the Company a fresh outlook. I'm also proud of setting up central teams to manage leasing, marketing, and service delivery. This allows for localization while ensuring that our projects in different cities can deliver the same Hang Lung brand value and experience, which will help strengthen our appeal to luxury brands.

Since CEO Mr. Weber Lo took office, several top managers and I have visited Europe many times to build relationships with different brands, strengthening the positioning of Plaza 66 in Shanghai as "Home to Luxury", and we have transformed Grand Gateway 66 in Shanghai from being a lifestyle mall to a luxury-led regional shopping center. The concepts we have developed can now be applied to other projects.

◀ 陳家岳仍謹記董事長陳啟宗與他首次見面時所說的三句話：「為公司做一些好的工作；建立一支強大的團隊薪火相傳；以及為公司開創傳奇讓後輩傳承」。他希望沒有令董事長失望

Norman still remembers the words Ronnie said when they first met: "Do some good for the Company; build a strong team for succession and leave behind a legacy". Norman hopes he has fulfilled that mission

連：退休後，恒隆哪些特質會讓您最為懷念呢？

陳：我最懷念的是身處恒隆這個大家庭的感覺。每天見面的同事、為公司親力親為及直接參與各個項目，都是我最不捨的事。我感謝公司讓我在退休後擔任行政總裁的顧問，我會繼續協助培育年輕一代的管理層，將公司文化傳承下去。

C: What do you think you'll miss most about Hang Lung?

N: I'll miss being part of the big Hang Lung family, the colleagues I meet every day, and the ability to work hands-on on a range of projects. Thankfully, it's not a final farewell, as I'll serve as an advisor to the CEO after retirement. I'm looking forward to helping nurture the next generation of management and passing on the Company culture.

餞別宴盡顯心思

一眾高級管理人員為陳家岳舉行餞別宴，並向他送上獨一無二的畫作留念。適逢當日為陳家岳的生辰，來自各個內地項目的同事更特意為他錄製生日祝福短片，令他感動不已。

他寄語同事要保持開明，盡量去多學一點份外的事，不要被自己的工作所局限，從而做到「知己知彼」，與其他同事合作時便會更得心應手。

A moving farewell

Top managers arranged a farewell lunch for Norman and presented him with a unique painting as a souvenir. It was also Norman's birthday, and colleagues on projects across the mainland made a moving video birthday message for him.

Norman urges Hang Lung colleagues to remain open-minded, be willing to learn beyond their roles, and to "know yourself and others" in order to collaborate well.

擁抱轉變 昂首闊步青雲路

Embrace Change and Take a Giant Step along Road to Success

普遍人眼中，資訊科技和市場營銷是兩個截然不同的專業範疇，而今期《連繫恒隆》訪問的主角林子元，就正是透過公司的CareerConnect，從資訊科技部轉換到顧客業務部的跑道上！

Most people would think of Information Technology (IT) and Marketing as two totally different professions, but Janson Lam has successfully united the two. This *Connections* story explores how Hang Lung's CareerConnect scheme helped Janson transfer from one department to another, and build two careers in one!

林子元 Janson Lam

高級經理 — 顧客創新，顧客業務
Senior Manager – Customer Innovation, Customer Franchise
總部（香港）
HQ (HK)

在資訊科技部參與過不少資訊系統的開發工作後，林子元希望專注發展與顧客業務相關的系統，於是在2020年毅然申請轉職至顧客業務部，他指當時的部門主管以開放的態度與他分析利弊，對他的決定給予支持。林子元說轉職程序與轉換新工作無異，同樣要經過部門面試，只是仍在同一家公司工作而已。

Having been part of the technical side of system development work in our IT Department, Janson wanted to focus on making systems more customer-oriented. He therefore decided to apply for an internal transfer to our Customer Franchise Department in 2020. His former supervisor analyzed the pros and cons with him and supported his decision. The transfer process itself was similar to applying for an entirely new job, with an interview for the new role, even though his destination was within the same company.

對林子元而言，轉職到顧客業務部不算是重新開始，因他在資訊科技部任職經理，亦曾負責顧客關係管理計劃「恒隆會」，這個項目在轉職後依然屬於他的工作範疇。「分別在觀看事情的角度。我在資訊科技部考慮的是在技術層面做好『恒隆會』的系統，在顧客業務部則是從顧客的角度考慮系統是否滿足到他們的需要，以及從公司業務的角度考慮系統是否切合業務方針。」他認為資訊科技部的工作經驗和相關知識，有助他迅速了解及執行數碼營銷的工作，兩個工作崗位也為他帶來不同方面的滿足感。

曾作為資訊科技部一員，林子元見證公司各部門都抱着「以客為尊」的心態，越來越積極加強科技應用，更有效地實踐公司聯繫顧客和夥伴的使命。

林子元認為恒隆的CareerConnect讓他發掘新發展空間。公司能提供與內地同事合作的機會，團隊之間富凝聚力，亦是吸引他在恒隆工作達八年的原因。他說：「同事之間互相幫助，彼此相處融洽，整個團隊向著一致目標邁進。」

Aspects of Janson's new role were not, in fact, completely new to him. When he was an IT Manager, he was responsible for the customer relationship management program HOUSE 66, which is still part of his current role. Janson said, "The difference is that I look at the project from a different perspective. In the IT Department, most of my attention was focused on the technical aspects of implementing the program. Now, I focus more on customers' expectations and whether the system can help us achieve our business goals." Janson considers his IT experience and knowledge as assets that are useful in digital marketing. Both positions bring him job satisfaction, but in different ways.

Having worked in the IT team, Janson sees that a range of departments are increasingly willing to explore new technology and adopt it when they see it can aid customer-centricity. Everyone, he says, is striving in their own way to uphold the Company's mission: To connect customers and communities.

CareerConnect at Hang Lung has given Janson the opportunity to pursue new experiences. This, alongside the strong bonds among team members, and the chance to work with Mainland colleagues, as the main reasons why he still loves working at Hang Lung, after almost eight years. "Colleagues get along well with each other and the whole team here are working towards the same goal," Janson said.

在工餘時間，林子元喜愛進行球類活動，也享受與兒子外出玩耍的時間，偶爾也會與同事聚會。他認為這有助促進同事間的關係和了解，使工作更加暢順。

談到發展，他謂抱着隨遇而安的心，然而恒隆的工作環境能賦予他足夠信心，接受未來的新挑戰。

Janson likes playing ball games and hanging around with his kids during his free time, and catching up with his colleagues at social occasions, something he says helps the working environment run more smoothly.

When asked about the next steps in his career, Janson says he is just taking things as they come, for now. He says the working environment at Hang Lung gives him the confidence to believe he can take on new challenges when fresh opportunities arise.

Chair Mr. Ronnie C. Chan and Vice Chair Mr. Adriel Chan met with HLMA winners

近年香港政府積極推動STEM教育，而董事長陳啟宗先生早在2004年已創辦恒隆數學獎，以此發掘並培育本地中學生的數理潛能和創意，期望他們為社會以至人類未來的發展作出貢獻。

早前陳啟宗先生及副董事長陳文博先生與多位恒隆數學獎歷屆得獎者見面，喜見早年獎項得主如今已在不同領域中取得卓越成就，更有得獎者表示受恒隆數學獎啟發而決定投身科研。幾位仍在學的年輕得獎者，藉着這難得的機會向陳啟宗、陳文博和一群師兄交流，並就彼此所屬的專業範疇分享心得。

每兩年一屆的恒隆數學獎，自創辦以來誕生了逾170位得獎者。至今，各獎項合共頒發獎金港幣800萬元。眾得獎者現遍佈世界各地，在學術界和其他專業領域繼續他們的學業和職業生涯。

已報名參加2021年恒隆數學獎的各隊伍須於8月底前提交研究報告，由國際知名數學家組成的學術委員會進行嚴格及多重評核選出入圍隊伍。入選的隊伍將會獲邀出席答辯會，就其研究報告作公開闡述，然後接受學術委員會委員的閉門提問，而最終得獎名單將於12月中旬舉行的頒獎典禮上公布。

STEM education has been actively promoted by the Hong Kong Government in recent years. Back in 2004, Chair Mr. Ronnie C. Chan founded the Hang Lung Mathematics Awards (HLMA), with the aim of empowering secondary school students in Hong Kong to realize their creative potential in mathematics and sciences, and igniting their passion for intellectual discovery in the interest of society and humankind.

Ronnie and Vice Chair Mr. Adriel Chan met with several HLMA winners in July, and were delighted to see winners from earlier HLMAs have made outstanding achievements in their chosen fields. Some of them said they were inspired by HLMA to dedicate themselves to mathematics and science research. Younger winners who are still pursuing their studies took this opportunity to interact with Ronnie, Adriel, and senior winners.

Since the inauguration of this biennial mathematics research competition, more than 170 awards – and total prize money of HK\$8 million – have been presented. HLMA winners are now all over the world, pursuing their studies and careers in academia and other professions.

Teams who have registered for the 2021 HLMA should submit their research reports by the end of August. Each report will be evaluated by a Scientific Committee, formed by world-renowned mathematicians, in a rigorous and multi-step review process. Shortlisted teams will then be invited to participate in a brief public presentation of their research project, followed by a closed-door inquiry by the Scientific Committee. The winners and the results will be announced at an awards presentation ceremony in mid-December.

多位歷屆得獎者已經投身公共或私營機構，在學術界和其他專業領域發光發熱，為社會作出貢獻。當中包括首屆得獎者，現為香港中文大學醫學院助理院長（研究）高浩醫生（左），他早前獲頒「裘槎前瞻科研大獎2020」，以表彰其在神經科學方面的卓越科研成果；2006年得獎者鄭卓軒（中），現任職土木工程拓展署工程師，負責監管香港的海岸結構，例如碼頭和防波堤；以及2010年得獎者鍾安平（右）現正在香港中國婦女會中學擔任數學老師

Many HLMA winners are now contributing to society across public and private sectors, in academia and other professions. An Assistant Dean (Research) from the Faculty of Medicine at The Chinese University of Hong Kong Dr. Owen Ko (left), one of the inaugural HLMA winners in 2004, recently received the Croucher Innovation Awards 2020 in recognition of his scientific research on neuroscience. Mr. Jay Cheng (middle), a 2006 HLMA winner, is now serving at the Civil Engineering and Development Department of the Hong Kong Government as Engineer, responsible for overseeing coastal structure, such as piers and breakwaters. Mr. Anson Chung (right), a 2010 HLMA winner, is a mathematics teacher at the Hong Kong Chinese Women's Club College

攜手構建可持續的共融社區

Building a Sustainable and Inclusive Community Together

恒隆一直以永續的視野，積極推動社會共融。除了夥拍香港基督教女青年會舉辦「智愛無垠」認知友善計劃，為認知障礙症患者及其照顧者提供適切支援的活動外，亦聯同聖雅各福群會推出「義藝童行」義工計劃，在社工的帶領及恒隆一心義工隊的協助下，帶領有特殊學習需要（SEN）的基層學童體驗藝術活動，擴闊生活圈子融入社區。

在開始活動前，逾20位恒隆義工參加了「義藝童行」網上義工培訓，透過問答及互動環節等不同形式，認識SEN學童的需要，掌握與SEN學童相處的技巧。

在7月24日的舞蹈治癒工作坊中，跳舞導師和恒隆義工帶領SEN學童體驗舞蹈藝術，讓學童透過舞蹈與人交流，從而提高自信和自我肯定。

As part of our efforts to bring to life our vision for sustainability, Hang Lung has been striving to promote social inclusion for the community. We ran the "Love • No • Limit" Dementia Friendly Program, jointly organized by Hang Lung and the Hong Kong Young Women's Christian Association, to provide support to dementia patients and their carers. In addition, we partnered with St. James Settlement to introduce the "Walking Through Arts with Kids" volunteer program. This scheme gives underprivileged children with special education needs (SEN) a chance to experience arts activities under the guidance of social workers and with the assistance of Hang Lung volunteers. Through these activities, the children broadened their life experiences in a way that helps them feel more integrated in the community.

To prepare for the art activities, over 20 Hang Lung volunteers participated in the online "Walking Through Arts with Kids" volunteer program training course. They learned about the needs of the SEN children they would meet, and were taught how best to engage with them through interactive activities and a Q&A session.

At the dance therapy workshop on July 24, a leading dance teacher and Hang Lung volunteers guided SEN children to experience the art of dance, providing them with an opportunity to interact with others, and boosting their confidence and self-esteem while dancing.

恒隆一心義工隊繼續舉行一連串環保及社會共融活動，除了線上活動外，今個夏天我們亦在保持適當的社交距離下恢復實體活動，攜手構建可持續的共融社區。

The Hang Lung As One Volunteer Team has spared no effort in continuing to organize a series of environmental protection and social inclusion activities, helping to build a sustainable and inclusive community. In addition to running online workshops, our Volunteer Team has also been able to bring back physical volunteering activities this summer.

播下改變的種子 Sowing the Seeds of Change

環境保育與可持續發展息息相關，而樹林正是自然生態重要的一環。為響應6月5日「世界環境日」，恒隆一心義工隊參與由世界綠色組織主辦的「樹林伙伴計劃」。該計劃是漁農自然護理署「郊野公園植林優化計劃」的一部分。義工隊到郊野公園享受怡人的自然風景之餘，親手栽種樹苗和參與優化工作，以實際行動為提升本地生態價值出一分力，亦加深了對生物多樣性的了解，建立與大自然的連繫。

Environmental conservation and sustainable development are closely related, and trees play a key role in both. In celebration of World Environment Day on June 5, the Hang Lung As One Volunteer Team joined the "Tree Partner Programme" organized by the World Green Organization. The program is under the Agriculture, Fisheries and Conservation Department "Country Parks Plantation Enrichment Programme". Not only did our volunteers enjoy the pleasant natural scenery, they also participated in tree planting as well as enrichment work in the country park. The team has made their contribution to the enhancement of local ecology. The program also deepened their understanding of biodiversity and strengthened their connection with nature.

耆舞派對與老友記狂歡 Dancing and Cheer at Jade Party for the Elderly

今年尊賢會的年度大型活動「耆舞派對2021」於6月13日在麥花臣場館舉行，並首次於Facebook線上同步直播。逾15位恒隆義工到場協助活動進行，與逾400名社區及院舍長者分享現場盛事。除了精彩的表演和舞蹈匯演外，重頭戲「快樂椅子舞」匯演讓長者在輕快的音樂伴奏下盡情享受舞蹈，在抗疫時刻亦不忘享受跳舞樂趣、保持積極樂觀心態、促進身心健康。

The Jade Party 2021, a large-scale annual party organized by local social enterprise Jade Club, was held at MacPherson Stadium on June 13, and was broadcast live on Facebook this year for the first time ever. Over 15 Hang Lung volunteers assisted in the event, sharing the joy of the grand event with more than 400 older people either living in the community or in homes for the elderly. The party included fascinating performances; the highlight of the show was "The Chair Dance", which allowed elderly partygoers to enjoy the thrill of moving to upbeat music. Having endured the pandemic, this was just what participants needed – something to cheer them up, encouraged positive thinking, and promote both physical and mental health.

巧手傳遞關愛 Special Talents spread Fun and Love

擁有一雙巧手的恒隆一心義工隊成員參加了不同系列的工作坊，製作獨一無二的輕黏土玩偶、環保祝福香囊和環保壓花布袋，部分作品更分別轉贈給智障工友、「老幼記同行—電話關愛服務」計劃的長者，和「義藝童行」計劃的兒童，向他們送上關懷和慰問。

Our Hang Lung As One Volunteer Team members with special talents in handicrafts have been part of a range of workshops. Volunteers made little friends or "dear pals" out of clay, as well as dumpling-shaped scented sachets, and hammered leaf and flower prints. The finished products were presented as gifts to intellectually disabled people, elderly participants in the "One-to-one Pairing for Weekly Phone Calls to the Elderly" Program, and participants in the "Walking Through Arts with Kids" volunteer program.
