## Notes:

1. In November 2011, the Board of Directors approved the change of the Group's financial year end date from June 30 to December 31. Thus, the Group had a six-month financial period from July 1 to December 31, 2011.
2. To facilitate a better understanding of the Group's operational results, underlying net profit, earnings per share and pay-out ratio are presented by excluding the effect of changes in fair value of investment properties and investment properties under development and their related deferred tax and non-controlling interests.
3. Based on year end balance divided by number of shares issued at the end of the reporting period.
4. Net debt represents bank loans and other borrowings, floating rate notes and finance lease obligations, less cash and deposits with banks. Equity comprises shareholders' equity and non-controlling interests.
